

Dear Parents,

The four year old class will use the computers with Mrs. Varallo to review basic skills. Children will use the computers on a rotating basis using programs such as Clifford, Blues Clues, etc. **Our computers have been purposefully set up to not allow internet access.** Please sign and return the computer access computer form and return. If you do not wish your child to participate please indicate this below.

We again thank you for entrusting us with your children.

Sincerely,

Sue Varallo

_____ I allow my child access to the computer for skill review
